

BARRIER WRAPPING PAPER

BARRIER PAPER

Grease-proof paper

This product is a kind of PFOA and PFOS oil-resistant paper, which is suitable for the packaging of fastfood and other fried foods. The product is oil-proof, waterproof, breathable, high temperature resistant 180°C .

Fluoride-free grease-proof paper

This product is a non-Fluorochemical paper, which uses special coatings to make water-repellent and grease-proof performance. Products are more environmentally friendly.

Water-proof paper

This product is a non-Fluorochemical paper and has excellent waterproof performance. It can still maintain good stiffness and strength without coating and compounding. At the same time, it can output water vapor and keep food crisp and fresh.
